

HOW TO DETERMINE YOUR RING SIZE

www.Direct-Jewelry.com

IMPORTANT

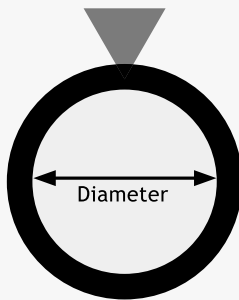

Confirm the correct printout size

Measure the scale to the left to confirm this printout is actual size.

If not, make sure you are printing without any Page Scaling, and reprint.

Measure the inside of the ring

Measure a ring that fits to determine the ring size.

Place current ring over one of the circles closest in size below. You should be able to see the black edge of the circle when measuring..

OR

Measure the diameter of the ring (in millimeters) with a ruler and determine the size below.
